

CP-1308

Specifications.....

	CP-1308
Mounting Height	2.4m
Detection Range	8m Diameter
Input Power	85 - 277 VAC
PIR	8-element Pyroelectric
Adjustable Sunset Sensor	20Lux ~ 320Lux
Max. Load Current	5A
Approval	CE
RF Immunity	20V/m10-1000MHZ; 10V/m1000-2000MHZ
Operating Temperature	-10°C ~ +55°C
Relative Humidity	0% to 90% non-condensing
Dimensions	110mm D x 56mm H

Product Features

- HDIR®8-Element IR Detector with unique optical design for small-motion detection within a 8-meter circle
- Adjustable PIR sensitivities for different applications/environments
- Adjustable sunset sensor to enable lighting only when ambient light is low
- Adjustable 30s - 30min for Delay - Off time
- LED indicator for testing purpose
- Spring clips mount for drop ceiling & trim ring for solid ceiling

Optical View Pattern
